Southern California's signature program on practicing law in our federal district court happens just once every two years. Don't miss it! Highlights include:

- **Inside the Judges' Chambers:** In a candid two-part panel, our local District and Magistrate Judges reveal likes and dislikes, what it takes to win at critical junctures of a case, and more.
- **Judges' Report Card on the Patent Pilot Program:** Three years after it first began, the District Judges most involved in the Patent Pilot Program report on the progress and prognosticate on the future, of patent litigation in the Central District.
