Magnificently restored, the former Tower Room is once again the jewel in the crown of Los Angeles City Hall. The room is atop the City Hall Tower, which rises 27 floors above Spring and Main Streets, and for decades was the tallest structure in Los Angeles. The restoration of City Hall following the Northridge Earthquake included the ornate ceiling decorations, art deco lighting fixtures, and huge windows looking out to an observation deck with 360 degree views over the city. Following its restoration, the room has been named in honor of Mayor Tom Bradley.

Complimentary parking will be available in the City Hall East employee lot. Enter from Los Angeles St. This lot will be available to us after 5pm.
